    public partial class Form8 : Form
    {
        public Form8()
        {
            InitializeComponent();
        }

        private void button1_Click(object sender, EventArgs e)
        {
            this.Hide();
            Form1 form1 = new Form1();
            form1.Show();
        }

        private void button2_Click(object sender, EventArgs e)
        {
            MessageBox.Show("Felicidades, usted ha creado una nueva cuenta de Instagram.");
        }
    }
}

```

Ejecución del programa

The image shows a web application window titled "Instagram". The background is a gradient from orange at the top to purple at the bottom. The word "Instagram" is written in a large, white, cursive font at the top. Below it, there are two input fields for "Usuario:" and "Contraseña:". At the bottom, there are three buttons: "Iniciar sesión", "Registrarse", and "Salir". The "Iniciar sesión" and "Registrarse" buttons are light purple with white text, and the "Salir" button is a darker purple with white text. A small white circle is positioned between the "Iniciar sesión" and "Registrarse" buttons.
