

Actividad 1 = Perimetro de Poligono

Regular e Irregular

Encuentra el perimetro de las siguientes figuras y escribe al lado si corresponde a un poligono regular e irregular.

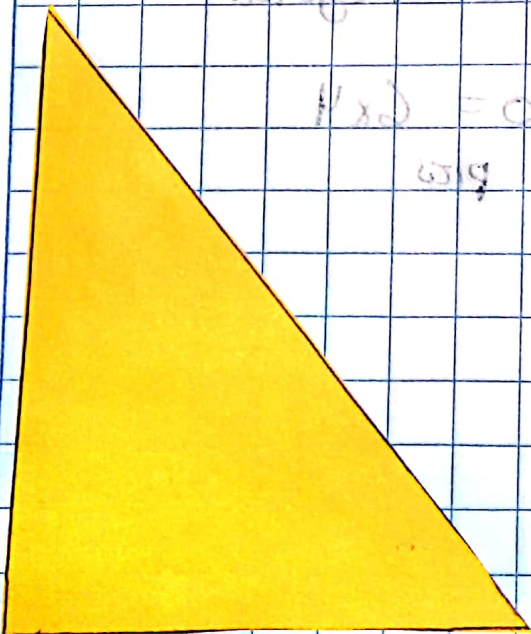

Poligono Irregular
Romboide

$$\text{Perimetro} = 36 + 6 + 42$$

$$+ 42$$

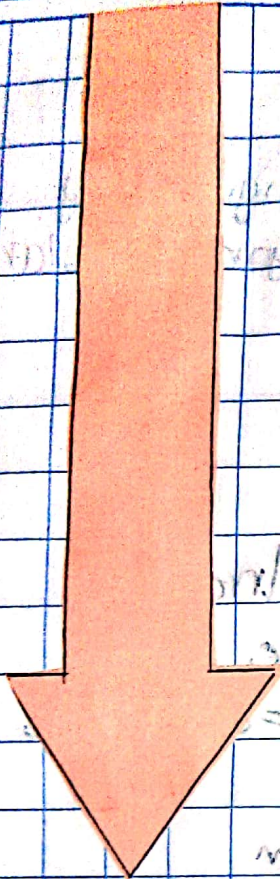

$$P = 156 \text{ m}$$

Poligono Irregular
Triangulo Escaleno

$$\text{Perimetro} = 23 + 20 + 18$$

$$P = 61 \text{ km}$$

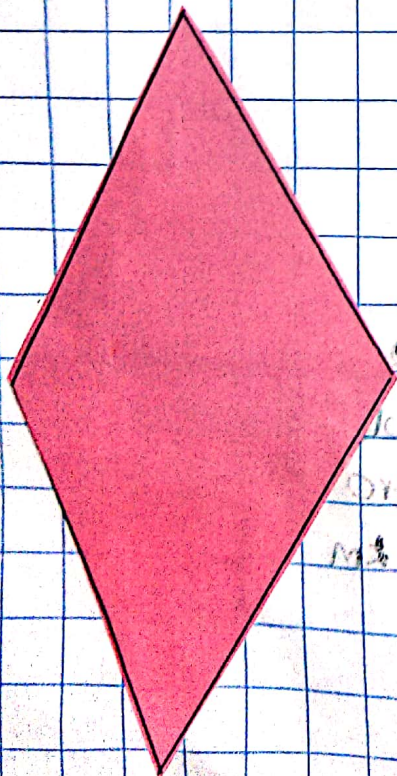

Polígono Irregular

Flecha

$$\text{Perímetro} = 6 + 14$$

$$+ 3 + 8 + 8 + 3 + 14$$

$$P = 56 \text{ cm}$$

Perímetro Regular

Rombo

$$\text{Perímetro} = 6 \times 4$$

$$P = 24 \text{ pies}$$
