

The background features a complex arrangement of geometric shapes and patterns. At the top left, there is a purple circle with a white crescent. To its right is a grid of yellow dots. In the top right, a red square is tilted. A large cyan circle is positioned on the right side. Below it, a pattern of purple dots with alternating '+' and '-' signs is visible. An orange triangle is located in the lower right quadrant. At the bottom right, there are two overlapping yellow circles. The bottom left corner shows a yellow dot above an orange inverted triangle, which is above a series of horizontal zigzag lines. A thick black line runs along the top and bottom edges of the page, connecting the corners.
