

## Preformance 2

The last year, I traveled to the **fondo** of the sea, I really liked it because I traveled with my horse and my sister, we ate a lot **algas**, we watched a lot of fish, we listen to the popular pop singer The Shark, and I drew many things with a paper and a special pencil.

Two days later we return to the house and we eat in a restaurant, I dressed with a pink long sleeve shirt and a black skirt. All of this was amazing and it was my favorite vacation.
