

## PERFORMANCE 2

Hello, my name is Roberto and I work in a restaurant for sheep, every day I work very hard to have money and buy some shoes, the other workers do not like to work, because they say that the boss is very angry, but no, what I like to work for him, he is very kind, I work hard so that the boss will pay me more, and buy my shoes faster, because the workers at the shoe store told me that they are almost finished, but all this month I will work hard and I will save.

Many times I get tired of working so hard, but the other workers encourage me, especially my cousin, because I work with him.

A month later

After working hard I was able to buy my shoes, It was the last pair, and it was my size, I am very happy.
