Performance 6

I am a clothing designer, my office is in a tower, I have a big house, with a big garden with many trees, pink flowers, only pink flowers and many animals, cats, dogs, birds and more.

I'm looking for my new blouse design, I don't know whether to make it long sleeved or short sleeved, it will be long sleeve blouse.

Now, I would like it to be pink, because pink is my favorite color.

Finally I add some details to make it look more beautiful

And I finished , this is my new design.

I really like it, it's simple but nice.
