

You're killing me

"I can't take it anymore! You're really killing me. Every day is the same. You come to my house, sit on my couch, and start clicking your pen. 'Click, click, click, click, click.' And not only that, every time you eat, you chew with your mouth open. 'Chomp, chomp, chomp.' And the noise you make when you drink! As if you were drying a giant glass with a vacuum cleaner. Those noises, all those noises, are making me lose my mind. I'm telling you from the bottom of my heart, if you don't stop making those noises, I swear I'm going to scream! You're really killing me!"
