The best gentleman

A long time ago in a distant kingdom, había una familia con un hijo llamado Arthur, One day his father saw that his son had talent with the sword, he decided to train him, his mother, knowing what her husband was trying to do, put himself in against since he didn't want him to get hurt, but seeing the boy's determination he resigned himself and let him train with his father.

After a few years the boy became a young man, luego de su entrenamiento decidió entrar a la caballería real para volverse un caballero, for this test he had to face multiple young people and some with experience in fighting so he trained a lot.

Luego de unos meses entrenando para estar listo para el examen, in wich there were many talented young people and royalty, like anywhere Arthur was looked down on for being a commoner despite being the son of one of the most noble knights, ferts of the kingdom.

In the exam he had many nerves but he managed to get the victory thanks to the skill and effort he had, logró conseguir el mejor punteo en el examen, luego del examen fue nombrado gentleman.

being one step closer to your goal.
