

Hello, my name is Diego and I am 17 years old.

Hello Diego, my name is Pablo and I am 18 years old.

What cheerful Pablo and where do you live? I live in Panajachel.

They say that Panajachel is very beautiful, I am from Mexico and I would like to go and see Panajachel.

Well, let me know when you go to Panajachel, it's a very nice place to visit and if you arrive, I could show you many places, but tell me that you study, Pablo.

Okay, I'll let you know when I arrive and you'll show me many places over there. Notice that I'm studying medicine and I'm already 3 years away from graduating, and what are you studying?

What a happy Pablo, I tell you that the other year I enter the university and I am going to study Systems Engineering, since it is a career that I love very much.

What a happy Diego, I hope you do well in your career.

Thank you, Pablo, I also hope you are doing well.

I say goodbye that my trip is going to leave for Mexico, good luck on your trip to Guatemala Diego.

Thanks Pablo, I also hope everything goes well on your trip and let me know when you get to Guatemala so I can show you some tourist places in Panajachel
