## David wants to have lunch at a restaurant

After David went to the barbershop to paint his hair red with curls, surprised to see the waiter with straight brown hair, he wanted to enter the restaurant to eat safely.

- David: I would like a table for one, please.
  - Waiter: Would you like to eat on the terrace or inside?
  - David: I prefer a table inside, near the window.
  - Server: This way ... Here is the menu. Do you want a drink?
  - David: No thanks.
  - Waiter: What would you like to eat?
  - David: As an appetizer and entree, I would like the warm goat cheese salad. As a main course, I will order the seafood platter. And for dessert, I'll have the cake.
  - Server: Okay. And for drink?
  - David: A bottle of still water, please.
  - Server: Immediately.
- One hour later...
- David: Can you give me the bill, please?
  - Server: Here it is. That will be 125 quetzales, please.
  - David: Here you are. Thanks!
