

Hello Juan Hello José how are you, I am very well what you are doing, I am playing a video game I bought it a year past, you have some calendar, no but if I have many video games do you want to buy one? not because I have no money I have not worked these last days, if you want I can give you one if you want, no thanks I prefer to buy it, I hear that in your house they will make a party , if the party is for my brother's birthday, sorry I forgot to bring your invitation, Don't worry, what day is the birthday party? It's Sunday, I feel bad headache, it's because you've been playing for a long time, I'll finish playing and then I'll go eat, don't you have to work? , not because I'm on vacation so I'll rest every day, That's very good I have to go I see you at the party you have to bring a gift goodbye, all right I see you later.
