

Hello Juan Hello José what are you doing, I just finished singing, do you like to sing? if my mother also likes to sing, I also like to sing but I don't sing well , I practice when I have time off, I don't have much free time because I work, you want to play hide and seek is a very funny game, what if they never find me? Are you afraid to play? I wasn't just asking, so you want to play whether or not, if I want to, let's go then.
